Calendars Hot off the Press!

It's never too early to start on holiday shopping – and we've got the perfect stocking stuffer!

The 2018 FAYMAS Calendar is out and who doesn't want a calendar full of adorable animals to look at year round? Scratch that – who wouldn't want a calendar full of adorable animals for an entire 15 months!? Can't think of anyone? Then let us help you out.

With a tax-deductible donation of \$12, per calendar, on the [FAYMAS Calendar Page](#), you'll not only be getting great gifts for family and friends (or yourself), you'll be helping animals like Payton, featured on the cover of our calendar. Abandoned at the shelter, the outlook wasn't looking good for Payton. But with the generous donations raised by FAYMAS – through events and other means, like our calendar – Payton was able to get the life-saving surgery she need to survive, and was adopted afterwards. Now she has all the room in the world to run and just be a dog on her family's farm.

It's through donations like yours that situations like this have happy endings.

Will you help us spread the holiday cheer?
