Oscar Says Thanks

It's always nice to hear from families who have adopted from the Metro Animal Shelter. It's even better to hear from the pet!

Here is what Oscar wrote to the staff at the shelter earlier this year:

Next month will be my 4th birthday and BOY has my life changed! This time last year, I was abandoned until someone brought me to your shelter. Then my photo appeared on the Metro Facebook page and Dad and Mom saw my pathetic picture and both agreed - I was to be their dog! (That's the picture above).

The very first night, I was sleeping on their bed and though it took a little while for me to get used to their four cats (yes, 4), we all get along just fine.

At Christmas, I had my own stocking and it was filled with squeaky balls (my favorite!). I LOVE not only to chase balls, but I can actually chew to get the best squeaks out of them. Yes, I am quite talented, but MOST OF ALL, I am SO lucky to be here and wanted you all to know.

THANK YOU for helping me find my forever home!!!
